In the Matter of:

AN ADJUSTMENT OF RATES)
OF EQUITABLE GAS COMPANY) CASE NO. 6602-R

O R D E R

On December 8, 1976, the Commission issued its Order in Case No. 6602, approving certain rates and providing under certain conditions for the further adjustment of such rates when the wholesale cost of gas is increased or decreased.

On October 11, 1982, Equitable Gas Company ("Equitable") notified the Commission that its wholesale cost of gas would be increased by its supplier Kentucky West Virginia Gas Company ("Kentucky West") effective November 1, 1982, and submitted with its notice certain information in compliance with its purchased gas adjustment clause on file with this Commission.

Equitable's increase from Kentucky West is another one of those federally-mandated pass-throughs of higher gas prices in which upon the record this Commission has no discretion. Equitable will not realize even one cent of profit but simply will turn over to its supplier the increased amount which it must collect from its customers.

After reviewing the notice filed in this case and being advised, the Commission is of the opinion and finds that:

(1) Equitable's notice of October 11, 1982, set out certain revisions in rates which Equitable proposed to place into effect, said rates being designed to pass on the wholesale increase in price in the amount of \$401,226 or 56.06 cents per Mcf.

(2) The Public Service Commission is being asked to authorize a pass-through of a price increase already approved by the Federal Energy Regulatory Commission ("FERC"). Failure to allow this increase to be passed through to its retail consumers on a timely basis would be unfair and unjust to Equitable and would ultimately result in higher rates to its customers. The Commission has (in writing) indicated its opposition to the procedures and regulations used by FERC since 1975 to approve these supplier increases.

We are also actively presenting our views to FERC and to our Kentucky Congressional delegation concerning revisions to the Natural Gas Policy Act of 1978, which allows gas suppliers to raise their gas prices without regard to costs. Because of Natural Gas Policy Act formulas allowing producers to so raise their prices and because of the action of FERC in allowing such increases to pass through to the transmission company and through it to the distributing company, in this case Equitable, this Commission has no real authority in the matter. Under federal law and actions, this Commission serves merely as the conduit for the final pass-through of the increased cost of gas to the consumers when, as here, the distributing utility makes no profit from the increased prices which it must pay for gas purchased from the transmission company.

(3) The proposed rates will allow Equitable to recover only the increased cost of wholesale gas and will not permit it to make any profit in doing so. The magnitude of this filing exposes Equitable to substantial under-recovery of its gas costs if the rates are not implemented in a timely manner.

(4) Equitable's adjustment in rates under the purchased gas adjustment provisions approved by the Commission in its Order in Case No. 6602 dated December 8, 1976, is fair, just and reasonable, in the public interest and should be effective with gas supplied on and after November 1, 1982, subject to refund.

IT IS THEREFORE ORDERED that the rates contained in Appendix A be and they hereby are approved effective for gas supplied on and after November 1, 1982, subject to refund.

IT IS FURTHER ORDERED that for the purpose of the future application of the purchased gas adjustment of Equitable the base rate for purchased gas shall be:

	<u>Commodity</u>
Kentucky West Virginia Gas Company	\$3.5392/dth*
*Include \$0.0072 Gas Research Institute Funding Charge	

IT IS FURTHER ORDERED that within 30 days after the date of this Order Equitable shall file with this Commission its revised tariff sheets setting out the rates authorized herein.

Done at Frankfort, Kentucky, this 3rd day of November, 1982.
